

2006 Melbourne Commonwealth Games

FUTURE ATHLETES PROGRAM NETBALL CLINIC APPLICATION FORM

ABOUT THE PROGRAM

The 'Future Athletes Program' is an initiative of the Victorian Government designed to introduce secondary school age students competing in representative school events to a wider developmental pathway in their sport. During 2005 the Victorian Institute of Sport, in conjunction with State Sporting Associations representing 16 Commonwealth Games sports, will conduct sport specific clinics providing:

- Technical tips from leading Coaches
- Training advice from a State or National representative athlete
- Valuable information on Sports Nutrition, Training and Injury Prevention
- Skill practice and assessment
- Information on how to take the 'next step' in sporting development

Clinics will run from 10:00am until 3:30pm and are free of charge to participants.

ELIGIBILITY and SELECTION to ATTEND a NETBALL CLINIC

All Victorian secondary school students may apply to attend one of the clinics within the established selection criteria. Criteria have been developed in consultation with Netball Victoria to identify athletes having potential to take the next step into higher levels of competition. An age limit has been included in the selection criteria.

To be eligible to attend a netball clinic:

- Students must submit a signed application form to the VIS 7 working days prior to the scheduled clinic. Clinic places are limited and applications will be accepted only until each clinic is full. Applications can close early should sufficient applications be received.
- Applicants must have a birth-date during 1991.
- Applicants should be at least 170cm (i.e. 5 feet, 7 inches) in height. Height is one of several factors contributing to elite performance; it is desired, although not mandatory for selection.
- Athletes invited to attend further Netball Victoria screening or selection programs must be willing to progress to the next level of development.

Please note:

- Students may attend only one 'Future Athletes Program' sports clinic during the school year.
